

Supporting Your Child in Class 2

Dear Parents,

Welcome back after the Summer Break! We hope that you are well rested and raring to go! This letter explains what will be taught this year and how you can support your child's learning.

Your child's teachers are Miss Ferns on a Monday afternoon, Wednesday, Thursday and Friday and Mrs Redfern on a Monday morning and all-day Tuesday. Miss Edwards, Mrs Macleod, Miss Nicholas and Miss Lear will also be supporting in class.

This year children will enter school via the year 2 outside area at 8.45. Children will be expected to line up before being brought into the classroom by the teachers. We hope that this will encourage a smoother, calmer start to the day. At the end of the day, come into our outdoor area no earlier than 3.10pm. We will give the children permission to go, when we have seen you. It will take us a while to recognise you all but we will get there! We do have a collection book so if there are other people who will be collecting your child, please inform us so that we can add them to the list.

English

There will be daily English lessons alongside daily phonics/spelling, handwriting and reading sessions every week. We will be looking at a vast variety of texts to engage the pupils in writing and build their confidence to write independently, edit their own mistakes and make improvements. Early in the year we will begin by using 'the Pirates of Scurvy Sands' by Johnny Duddle to engage them in the learning with an interactive pirate day.

Supporting their learning at home has a massive impact.

- 5-10 minutes daily reading is vital, can they read to you when you're getting breakfast or doing the washing up? It doesn't have to always be a big sit-down event. Can they retell the story or explain how the characters are feeling?
- Practising letter formation of those letters they struggle with, ensuring they start in the right place, working on joining letters when handwriting homework is sent home.
- Learning spellings, words or sounds sent home they always make a mistake on e.g. went with a 'n' or when and not wen.
- Opportunities to write, adding to a shopping list, writing family birthday cards (the whole thing!), write a postcard when on holiday, writing notes for people. Anything with a purpose, they can all do it with encouragement, it doesn't need to be perfect.

Maths

The children will have a daily maths lesson where they will have the opportunity to develop their calculation, reasoning and problem-solving skills. We will also be using Mastering Number four times a week to build up numerical fluency.

We begin by focusing on place value up to 100, then move on to addition and subtraction. On the school website in the 'parents' section, you will find our calculation policy which has information about the different methods and strategies that are taught.

Useful things that can be done at home to support learning in maths:

- Counting forwards and backwards, from any start number up to and across 100. (Songs and games like hide and seek, counting steps - asking questions: *like what will 1 more/10 less be? How many more to 20/50/100?*)
- Talking about the time and reading clocks and timetables. (*What day is it today/tomorrow/yesterday? How many hours until ...?*)
- Using money - recognise and count coins to pay for items, add the cost of items or even work out the change from £1.
- Use language of measurement to measure and compare length, mass and capacity. E.g. using scales to weigh ingredients when baking, comparing the weight of parcels, measuring their height, measuring pieces of wood for a DIY project, filling glasses or the bath and talking about how full they are (a quarter full half full, full etc).
- Use the language of fractions E.g. half/quarter of the way there.
- Practically group and share objects such as sweets to develop an understanding of equal groups and counting in groups of 2, 5 and 10.

We would like you to continue to use the yellow 'Home reading sheets' and we will use the pink reading diaries as a record of your child's reading at school. Regular daily reading is the most important homework you can do with your child. It is important that your child's book bag comes to school daily, with their reading books, as we will endeavour to read with your child as often as possible, at least once a week as a minimum. They will take home 2 books and these will be changed on a Friday morning.

In addition to reading, your child will be given other homework tasks relating to Maths and Handwriting. The Maths Practice Books will go home on Fridays and will need to be returned by the following Wednesday so that there is time to mark it and set the new task for Friday. **All homework tasks will be shared via the homework blog on Purple Mash.** Please check this regularly. If you would like to do any other activities with your child, you could play board games focusing on turn taking, going for a walk, describing what you can see, hear, smell etc.

Uniform and P.E

Please could you ensure that children are in the correct uniform for the school day. Boys should wear grey or black trousers, a white shirt or polo shirt and a blue school jumper. We sell iron on badges in the office. Boys may wear grey school shorts in the summer.

Girls should wear grey skirts or pinafores, a white shirt or polo shirt and a blue school jumper or cardigan. In the warmer months girls may also wear a blue checked dress.

Can we also ask that where possible boys wear black or dark coloured shoes rather than trainers, and girls wear flat black or dark coloured shoes.

Our PE days will be **Mondays and Thursdays**. On these days, children need to come to school in the correct PE kit. This comprises of dark bottoms, a white t-shirt and their school cardigan or jumper. For health and safety reasons **NO JEWELLERY** is to be worn. Staff are unable to remove or take responsibility for the safe keeping of jewellery. If your child is unable to remove their own earrings we would suggest that you remove them before they come to school, so no earrings on Mondays and Thursdays please.

Water bottles

Please ensure water bottles are named and are taken home daily.

Only water is allowed.

Plimsolls

Every child needs indoor plimsolls that they change into at school and live at school please.

Book Bags

Book bags need to be brought to school every day and are stored in the cloakroom.

We communicate regularly so please do not hesitate to speak to either of us.

We are looking forward to getting to know your children better and nurturing them further along their educational journey.

Your Year 2 Team

Miss Ferns and Mrs Redfern
