

## After School Club Rules

1. The school's Behaviour [Policy](#) still applies in all After School Clubs.
2. Children need to have the correct kit for that club (and PE sessions). Including any inhalers or other medication they would normally have for PE.
3. If it is not PE day for your child, they may come to school in normal uniform and then get changed at 3pm if they wish. The class teacher needs to be notified of this.
4. Persistent poor behaviour will be addressed. After discussion with staff and parents, it may be deemed that it is not suitable for the child to keep their place in the club.
5. Children need to show respect for the equipment and other people in the club.
6. Children should not be collected early from clubs unless there is an emergency.
7. If you have a place at a club – please show up! If you don't your place can go to other children who really want to come to the club.
